1. **Wiley InterScience** - the online service available from Wiley or its affiliates on the Worldwide Web including all products, services and features offered through the service.
2. **Licensee** - The customer named in the account activation process, which has authorized the acceptance of this License, and the completion of the online account activation process, provides access, via its secure network to Wiley InterScience for its Authorized Users as defined below and is responsible for payments and implementation of this License.

5. **Authorized Users** - Those persons within the Site who are authorized by the Licensee to have access to **Wiley InterScience**. Authorized Users must be bona fide faculty members, students, researchers, staff members, librarians, executives or employees of the Licensee, or contractors engaged by the Licensee, provided such contractors have been informed of, and agree to abide by, the Terms and Conditions of Use set forth herein and they access Wiley InterScience via the Licensee's secure network. Walk-in Users from the general public or business invitees may also be permitted by the Licensee to access the Electronic Journals from designated terminals within a Licensee-controlled I.P. address. These designated terminals shall be physically located on the Site in premises such as libraries or similar physical premises directly controlled by the Licensee.

**B. ACCESS PRIVILEGES**

1. Wiley grants the Licensee and its Authorized Users a one-year non-exclusive, non-transferable right and license to access, via Wiley InterScience, the Electronic Journals Licensed by the Licensee hereunder (the "Licensed Electronic Journals") on the terms and conditions described herein.
2. Authorized Users will have access to all abstracts and full text articles for the Licensed Electronic Journals published online in Wiley InterScience during the subscription year.
3. During the Term, the Licensee and its Authorized Users will also have unlimited access to all available Tables of Contents, article abstracts, chapter summaries and websites for all Electronic Journals on Wiley InterScience.
4. This License grants access to Wiley InterScience only to Authorized Users as defined herein. There is no restriction on the number of Users who may register with Wiley InterScience but access will be limited to one concurrent User per Journal subscription, as provided in Paragraph D below.
5. The Licensee acknowledges that the Electronic Journals and Wiley InterScience and the Materials contained therein are protected by copyright. The contents of Wiley InterScience and the Electronic Journals are intended for the personal, non-commercial use of the Users.
6. The [User Terms of Service Agreement](#) (including Wiley's Rules of Use) must be read and accepted by the User before the registration process is completed and the User gains access to Wiley InterScience and the Licensed Electronic Journals. Wiley reserves the right to modify the User Agreement as described therein.

**C. TERMS AND CONDITIONS OF USE**

1. The rights and restrictions governing access to Wiley InterScience and the Licensed Electronic Journals by the Licensee and its Authorized Users are outlined in the Terms and Conditions of Use below.
  - a. Authorized Users may download, view, copy and save to hard disk or diskette and store or print out single copies of individual articles, chapters or entries in the Licensed Electronic Journals for the Authorized User's own personal use, scholarly, educational or scientific research or internal business use. Authorized Users may also transmit such material to a third party colleague in hard copy or electronically, for personal use or scholarly, educational, or scientific research or professional use but in no case for re-sale. In addition, Authorized Users have the right to use, with appropriate credit, figures, tables and brief excerpts from

individual articles, chapters or other entries from the Licensed Electronic Journals in the Authorized User's own scientific, scholarly and educational works such as books and articles.

- b. All Authorized Users have the option to create a My Profile Page which will allow them to create data files and links to articles, chapters and entries of interest in the Licensed Electronic Journals, and search criteria which may be reused by them. In order to do so, the Authorized User will have to select and register a user name and password which the Authorized User must keep confidential and not disclose to or share with anyone else.
  - c. The Licensee and its Authorized Users may create links to Wiley InterScience from their Online Public Access Catalog (OPAC) records, library catalogs, locally hosted databases or library web pages, provided those links do not result in access to licensed content by anyone other than Authorized Users, or for use in any paid or commercial service. Authorized Users may search, view and browse Licensed Electronic Products using the interfaces provided by Wiley. Automated searching, robotic searching and decompilation are strictly prohibited.
2. Except as provided in Paragraph C(1) above, Authorized Users may not copy, distribute, transmit or otherwise reproduce material from Electronic Products; store such material in any form or medium in a retrieval system; or transmit such material, directly or indirectly, for use in any paid service such as document delivery or list serve, or for use by any information brokerage or for systematic distribution, whether or not for commercial or non-profit use, or for a fee or free of charge.
  3. In order to protect the integrity and attribution of Wiley InterScience and the Electronic Journals, the Licensee and its Authorized Users may not remove, obscure or modify any copyright or proprietary notices, author attribution or any disclaimer contained therein or on any screen display. Authorized Users may not integrate material from the Electronic Journals with other material or otherwise create derivative works in any medium, since the exclusive right to prepare derivative works based upon the copyrighted work is vested in the copyright owners. However, brief quotations for purposes of comment, criticism or similar scholarly purposes are not an infringement of copyright and are not prohibited herein.
  4. Authorized Users may not do anything to restrict or inhibit any other Authorized User's access to or use of Wiley InterScience and the Licensed Electronic Journals.

5. If an Authorized User fails to abide by these Terms and Conditions of Use or other terms of this License, Wiley reserves the right in its sole discretion to suspend or terminate such Authorized User's access to Wiley InterScience and the Licensed Electronic Products immediately without notice, in addition to any other available remedies. Notwithstanding the above, except in the case of a material breach which Wiley deems dangerous to the integrity and security of InterScience, Wiley shall give prior written notice to the Licensee of its intention to terminate such Authorized User's access and shall allow the Licensee and/or the Authorized User 30 days after receipt of such notice to cure the breach or agree to abide by the terms and conditions of this License.

D. **FEES AND CHARGES**

1. Payment of the full rate subscription price for a Journal for the calendar year 2004 provides the Licensee with electronic access for one concurrent Authorized User to the full text of each Electronic Journal per subscription and other features of Wiley InterScience as described herein.
2. The Licensee is responsible for any charges associated with accessing Wiley InterScience and the Licensed Electronic Journals, including, but not limited to, any computer equipment, telephone or Internet connections and access software.

E. **MUTUAL OBLIGATIONS**

1. Wiley will:
  - a. make reasonable efforts to ensure uninterrupted online access to and continuous availability of the Licensed Electronic Journals to Authorized Users at the site in accordance with this License, and to restore access to such Electronic Journals as promptly as possible in the event of an interruption or suspension of the Wiley InterScience service which is not attributable to any third party service provider over which Wiley has no control (e.g., an Internet or telecommunications service provider);
  - b. after termination of the License, provide the Licensee with access to the Electronic Journals published during the calendar year of this License, either by continuing online access to the same material on Wiley's server or in an archival copy in the electronic medium selected by Wiley, at a cost-based fee;
2. The Licensee will:
  - a. take all reasonable measures to inform Authorized Users of the Terms and Conditions of Use governing access to Wiley InterScience and to emphasize to such Authorized Users the need to comply with whatever restrictions on access, use, reproduction and transmission are included therein;
  - b. make access available to Authorized Users only through the Licensee's secure network and from valid IP addresses; undertake reasonable measures within its control to prevent access to and improper use of the

Licensed Electronic Journals and Wiley InterScience by unauthorized persons; and take responsibility for terminating any unauthorized access of which it has actual notice or knowledge;

- c. provide Wiley with information about the Licensee's IP addresses which can be used by Wiley to authenticate Authorized Users
- d. promptly notify Wiley of any copyright infringement or unauthorized usage of the Electronic Journals which comes to the Licensee's attention; and cooperate with Wiley in the investigation of such infringement or unauthorized use and in any action which Wiley takes to enforce its copyright, at Wiley's expense. Notwithstanding the above, the Licensee shall not be responsible for such unauthorized use which is without the express or implied consent of the Licensee, provided that the Licensee has taken reasonable steps to prevent such misuse and, upon learning of it, notifies Wiley promptly of any such breach or infringement.

F. **PRIVACY AND DATA PROTECTION POLICY**

Wiley recognizes the importance of protecting the information it collects in the operation of Wiley InterScience and will take all reasonable steps to maintain the security, integrity and privacy of this information. Wiley will ensure that any information it collects will be adequate, relevant and not excessive for purposes of operating Wiley InterScience; it will be kept accurate and up-to-date based on information provided and will be deleted when no longer needed. Except where necessary in connection with services provided by appropriate intermediaries, who will be required to comply with the confidentiality provisions of this policy, Wiley will not disclose any personal information identifying Authorized Users or the Licensee to any third party, unless required by law or to enforce Wiley InterScience Terms and Conditions of Use.

If use of an Electronic Product or Service offered by Wiley requires an Authorized User to provide a name and password or other personally identifiable information, the User will have the option to opt in or out of providing such information and using the Product or Service. For example, Authorized Users are given the option of creating a My Profile Page where the Authorized User may store links to Licensed Electronic Products, favorite articles, chapters and entries and search criteria, but use of a My Profile Page is voluntary on the part of an Authorized User. Any private communications or information supplied to Wiley by an Authorized User may be used by Wiley for internal business and research purposes and to help enhance and develop Wiley InterScience but will not be shared with third parties.

Wiley will only disclose to third parties navigational and transactional information in the form of anonymous, aggregate usage statistics (including "hits" on Wiley InterScience and the Licensed Electronic Journals) and demographic information in forms that do not reveal an Authorized User's or the Licensee's identity or confidential information, except as required by law.

Links may be provided from Wiley InterScience to other websites. In using such links, Authorized Users should be aware that each website will vary in terms of its privacy and data protection policies, and Wiley does not take responsibility for the privacy policies of, and usage of personal information collected by, others.

Please note that Wiley's privacy and data protection policy is reviewed periodically. Any comments or questions concerning this policy should be addressed to: Wiley InterScience Privacy Policy at [cs-wis@wiley.co.uk](mailto:cs-wis@wiley.co.uk).

Either party may terminate this License if the other party materially breaches its obligations under this License and fails to cure such material breach, provided that the non-breaching party shall give written notice of its intention to terminate and shall allow the breaching party 60 days after receipt of such notice to remedy the breach.
4. Notwithstanding subparagraph G.3 above, Wiley's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, war, strikes, fires, floods, governmental restrictions, power failures, or damage to or destruction of any network facilities or servers, shall not be deemed a breach of this Agreement.
